Part of the broadest network of distribution centers across Mexico & North America

Located 3 miles from the Guadalajara airport in the heart of the "Mexican Silicon Valley" and just three hours from Mexico's main west coast entry port, Manzanillo, this new facility is an excellent location for regional or national distribution. It offers 145,000 sq. ft. of modern storage space with 13 dock doors, and is specially equipped for high-tech and pharmaceutical inventory management.

Services include vendor-managed inventory (VMI) programs, NOM labeling, bonded warehouse space, cross-docking capabilities, and maquila programs. This full service distribution center offers 24-hour security including video monitoring, monitored temperature and humidity, and chemist quality control.

The Guadalajara airport facility is one of 10 Kuehne + Nagel distribution centers located across Mexico and at the U.S. border and one of 60 Kuehne + Nagel NAFTA DCs. All Mexico facilities apply the strictest quality control standards in a variable-cost environment where customers pay only for the space and services used.

Warehousing services are part of a complete package of logistics services that also includes:

- **International Forwarding and Trade Compliance**
Flexible solutions for Sea, Air and Overland transportation from one of the world's largest and most experienced freight forwarders.
- **Distribution**
Multi-mode, non-asset-based transportation management service for inbound and outbound domestic shipments.
