Part of the broadest network of distribution centers across Mexico & North America

Kuehne + Nagel's McAllen facility is located about 3 miles from the Pharr / Reynosa International Bridge, which connects with all the major maquila parks in Reynosa. The facility is also located about 5 miles from McAllen International Airport. With 30,000 sq. ft. of warehouse space and five dock doors, the facility manages a wide variety of storage requirements. The office and warehouse are gated for the secure handling of sensitive freight. With a solid and growing infrastructure, the location can service 80% of the U.S. population and 80% of the Mexican population within 48 hours. Our services include cross-docking, storage, vendor-managed inventory (VMI) programs, and distribution. Kuehne + Nagel delivers logistics solutions to meet customers' various and unique needs.

The McAllen facility is one of ten Kuehne + Nagel distribution centers located across Mexico and at the U.S. border and one of 60 Kuehne + Nagel NAFTA DCs. All Mexico facilities apply the strictest quality control standards in a variable-cost environment where you pay only for the space and services used.

Warehousing services are part of a complete package of logistics services that also include:

- **International Forwarding and Trade Compliance**
Flexible solutions for sea, air and overland transportation from one of the world's largest and most experienced freight forwarders.
- **Distribution**
Multi-mode, non-asset-based transportation management service for inbound and outbound domestic shipments.
